Three circular images are arranged in a triangular pattern. The top circle shows two people in a canoe on a river surrounded by lush green trees. The middle circle shows two cyclists riding on a paved path with trees in the background. The bottom circle shows three people snowshoeing on a snowy, wooded slope.

The mission of the Root River Trail Towns non-profit organization is to promote the Root River State Trail System as a regional destination and to link people to an outdoor experience while fostering community connections. Our group includes representatives from Chatfield, Fountain, Preston, Harmony, Lanesboro, Whalan, Peterson, Rushford Area, and Houston.
